

5th Workshop on Innovative Mouse Models

25-26 June 2009

Leiden University Medical Center
Albinusdreef 2, 2333 ZA Leiden

Topics

- **Mouse models of disease**
- **Sleeping Beauty transposon mutagenesis**
- **Large-scale generation of conditional knockouts**
- **Induced Pluripotent Stem cells**
- **In vivo RNAi**
- **Mozaic mouse models**

Confirmed keynote speakers

Anton Berns

Netherlands Cancer institute, Amsterdam, The Netherlands

Adam Dupuy

University of Iowa, USA

Andras Nagy

Mount Sinai Hospital, Toronto, Canada

Barry Rosen

Wellcome Trust Sanger Institute, Hinxton, UK

Austin Smith

Wellcome Trust Centre for Stem Cell Research, Cambridge, UK

Francis Stewart

TU Dresden, Germany
